

Important rules for your visit in the Hochseilgarten Ammersee

HOCHSEILGARTEN
Ammersee

We want you to have fun with us high up at the air but at the same time to be as safe as possible. For this reason it's very important to pay attention to our rules to avoid any accidents and to prevent any fall or crash.

The equipment you get from us has the highest standard and will prevent any accident if it's used the right way.

1. Physical terms

Only people who fulfil the following conditions are allowed to go up in the Hochseilgarten Ammersee:

- aged 6 years or more
- weight of less than 120 kilos
- being able to climb a normal ladder

People under the influence of alcohol or any other drugs are not allowed to go up the Hochseilgarten!!!

2. Safety measures

The safety equipment you get from us will be explained by our trainers. Every visitor must carefully pay attention to the explanation. The equipment must not be given to any other person and has to be worn throughout the whole stay in the Hochseilgarten. All the rules given by the trainers must carefully be followed during the whole visit, without any exception.

The whole Hochseilgarten-area is a non smoking area.

3. Climbing in the pirate-sailing-ship

Only go up to climb with a partner. Each partner has to pay attention to the other partner and make sure he follows all the rules.

At least one of your two carabines has to be attached in the Hochseilgarten at all time. By changing to the next exercise you first change one of the two carabines and when it is attached again, then you change the second one. There is no time or moment allowed with both carabines unattached!

All rules and orders from the trainers as well as the terms and conditions have to be followed at all time. Anyone who breaks one of these rules can be excluded by the trainers!

4. Objects are not allowed to be taken along

When you go up the Hochseilgarten you are not allowed to take any objects with you that could fall down and hurt someone else, for example no mobile phones, no cameras, no keys, no bottles, or anything else.
